Subject: Waiver Request of the deadline (Filer 499 ID#: 824358)

Dear Sir (or Madam):

May I petition for waiving appeal deadline of 60 days from the USAC decision date of **Administrator's Decision on Contributor Appeal** dated August 31, 2005, for the following reasons:

- 1) Correction of duplicated payment of Federal USF contribution has nothing to do with the purpose of deadline

It's apparent that my Company paid the contribution in duplicate; first to my company's upper carriers like Verizon and Qwest, and lately to USAC. Actually my Company should have not paid to USAC lately, since it was not filed for 499A till 05/01/2004. However my Company paid the contribution to USAC when USAC sent invoices, which should now prove in-correct. No entity in this country must be forced/ induced to pay same contribution in duplicate, and in case the duplicated payment should take place, it must be corrected, without any appeal deadline.

- 2) Correction can only be made by USAC

The USAC's argument that my Company can ask for refund from the upper carriers because the upper carriers can file for 499A adjustment is not right. It's because the grace period of 499A adjustment for the year of 2003 has passed over. The only authority to correct the duplicated payment of the Federal USF contribution is USAC.

I will forward documents evidencing my stance, if required by you.

I trust the petition meets with your approval and look forward to hearing from you soon.

Best Regards,

Gloria Cho
